Note

1. Credits of selected course taken from other departments for master or doctoral degree could be considered as graduation credits, only to the extent of 6 credits.
2. Students who take any credits from master degree offered by Post-Graduate program can be considered as elective credits in graduation credits.
3. The elective courses on this Course Outline may be counted toward total graduation credits by students who entered the university prior to the 2014 academic year.
4. Students may choose one out of the two electives listed on this Course Outline as a required course. Only one course will be considered as required if students choose both electives.
