Ming Chuan University Department of Risk Management and Insurance (academic unit) Course Outline for all students entering in 2014 page 5 of 5

Notes:

- 1. In accordance with the General Provisions for Study, undergraduate students need to satisfactorily complete Service Learning, meet the university-wide basic competencies of English, Information Technology, Chinese, and Sports, and pass the core competencies of their department to be eligible for graduation.
- 2. Students need to complete at least 12 General Education course credits. General Education courses are divided into three areas: Humanities, Social Science, and Natural Science. Each area is divided into two subcategories: core and extended. Students need to take 1 two-credit course in both of the subcategories within each area to be eligible for graduation. Only 12 course credits will be counted toward graduation. Additional course credits earned in General Education courses are not counted toward graduation.
- 3. The Graduation credits admitted by the Department include the relevant course credits of other Departments and elective course credits of Military Training, Nursing Training, or Physical Education. However, these credits are no more than 20 credits. The elective course outside the Department is mainly about management course.
- 4. Teacher Education Credits are not counted toward graduation.
- 5. The newly added elective courses in this academic year can be applied retroactively to students who entered from 2014-15 academic year. 103/3/10
